

PJS

PATRICK JOHN SULLIVAN

FULLSTACK WEB DEVELOPER

SKILLS

WEB DEVELOPMENT

- React JS
- Redux
- Node.JS
- JavaScript
- HTML/CSS
- SASS
- TypeScript
- Angular
- Bootstrap
- Material Design
- PHP
- jQuery

SOFTWARE DEVELOPMENT

- C#
- .NET
- Python
- VB

HUMAN SKILLS

- Feedback and Listening
- Emotions and Boundaries
- Growth Mindset
- Ally Skills Training
- Comms and Conflict
- Team Trust and Empathy

DB DESIGN AND MANAGEMENT

- SQLite
- SQL Server
- MySQL
- Google Firebase
- Postgres

GET TO KNOW ME

Kia ora! I'm a full stack web developer with a passion for openly sharing my experiences to uplift others on the same journey. Over the past few years of growing my technical abilities, I've recently come to learn the value of human skills, collaboration and good communication within the tech industry.

I graduated with a Bachelor of I.T in 2019, yet entering the workforce was quite challenging throughout this period. I took time off as my interest in code started to wane. During this sabbatical I discovered EDA. This experience not only reignited, but strengthened my love for code, problem solving, and the vibrantly diverse communities in tech.

My goal is to grow and excel in an agile dev team, through contributing my efforts, learning from my peers, enlightening those around me, and leaving a positive impact in the community.

MY EXPERIENCE

WEB DEV BOOTCAMP • ENSPIRAL DEV ACADEMY • JUN – OCT '21

5 weeks of entry level web dev foundations, and 9 weeks of bootcamp focused on industry level technologies, frameworks and methodologies.

My time in the bootcamp with my peers involved the following:

- Pair programming
- Weekly group projects in both front and back end roles (See GitHub for details)
- Agile values and practices
- Human skills in dev teams
- Stretching my learning in HTML/CSS, JS, VS Code, Node.JS, SQLite, Postgres, React, Redux, JWT, External APIs, and Git CLI with GitHub for version control

HOBBIES & INTERESTS

GYM

Improving my physical health was one of the most important changes in my life, and I credit my therapeutic time in the gym for improving my productivity outside of it.

FRIENDS/WHĀNAU

The time I get to spend with my friends and whanau is time that I cherish and value.

MUSIC

I love music, whether it's in the background while I work, or live in concert. My favourite genres include hip-hop, R&B, pop, techno, and rock.

MOVIES/SHOWS

In my downtime, I love to get lost in an engaging movie/series, either solo, or with others.

VIDEO GAMES

Being raised on computers from a young age, my passion for tech started with gaming. My favourite genres include MOBAs, puzzle, FPS, RPG, and simulation.

CURRENT AFFAIRS/POLITICS

I ensure to keep to date with the latest events, and advocate for social causes when interested.

MY EXPERIENCE (CONT.)

CLEANER • PARK KITCHEN • OCT '20 – JUL '21

My responsibilities included time management, attention to detail, facility maintenance, event preparation, and acting in accordance with MoH COVID-19 general cleaning and disinfection advice

TECH SUPPORT SPECIALIST • CONCENTRIX • FEB – JUN '20

Hardware and software-based service and support towards international based customers across Asia-Pacific in both in-office and remote scenarios.

SOFTWARE DEV INTERN • FIELDGO • JUL – NOV '19

For my end of B.I.T project, I got to do a work placement project at FieldGO. I worked within an agile dev team in a front-end capacity, participated in standups, and participated in biweekly sprint planning. My role at FieldGO involved the following:

- Developing the front end of a statistics dashboard KPI web application in Angular, TypeScript, and Node.JS
- Configuring API routes to a SQL Server database
- Implementing authentication/authorization with JWT
- Maintaining development through the GitFlow workflow, scrum framework, and Azure DevOps for version control

SDV TUTORIAL ASSISTANT • Z.U.W.R.E.P • APR – MAY '19

Representing NMIT over in Hangzhou, China, I assisted with teaching a 4-week SDV class to a 70+ student university class. I helped students with their work, assisted with the structure of each lesson, presented lectures, and marked tests, as well as projects.

EDUCATION

WEB DEV BOOTCAMP • JUN – OCT '21 • ENSPIRAL DEV ACADEMY

BACHELOR OF I.T (SYSTEMS DEV MAJOR) • FEB '17 – NOV '19 • NMIT

NZ DIPLOMA IN I.T TECHNICAL SUPPORT • FEB '17 – NOV '17 • NMIT

CERTIFICATE IN I.T SERVICE & SUPPORT • FEB '16 – NOV '16 • NMIT
